**Mr. Matthew Hall, Principal**

**Mr. Steven Schidrich, Assistant Principal**

**Dr. Kathy Johnson, Assistant Principal**

**30 New Mustang Dr. Bluffton SC 29910 (843)707-0700**

**[blms.beaufortschools.net](http://blms.beaufortschools.net)**

## **VISION STATEMENT**

We envision the Bluffton Middle School community working together to **challenge every student** to perform at an **internationally competitive level** in a learning environment that is **safe, nurturing, and engaging**.

## **MISSION STATEMENT**

Bluffton Middle School seeks to promote a tradition of **academic excellence** through **exploration and discovery, technology awareness, and rigorous student-centered learning**. Teachers, as facilitators, inspire intellectual curiosity in an environment where students develop the ability to think, be responsible, respectful, and honest to achieve their role as effective citizens in our global society.

<ul style="list-style-type: none"> <li>• 15 students from 8<sup>th</sup> grade graduated from the JROTC Bobcat program at BLHS.</li> </ul>

## OVERVIEW

When Bluffton Middle School opened its doors in 2010, we set a precedent of supporting our students and families socially, emotionally and academically. We serve a diverse population of 800 6<sup>th</sup>-8<sup>th</sup> grade students. Our student population is comprised of 47% Hispanic/Latino, 34% Caucasian, 13% African American, and 6% Other. On our most recent state report card, Bluffton Middle School was rated Average according to the newly adopted ESEA ratings for the state of South Carolina. To compliment and further develop our core academic program, we offer Project Lead the Way (PLTW) courses. Through PLTW, our students engage in hands-on, collaborative, real-world learning opportunities. This curriculum includes: Design and Modeling, Automation and Robotics, Medical Detectives, Introduction to Career Clusters, Computer Science for Innovators and Makers, and Energy and the Environment. Due to our heavy focus on STEM learning building wide, we received the prestigious STEM certification through AdvancED last year. This award recognizes the extraordinary opportunities our students have to interact with technology to research, collaborate, and think critically to problem solve real world situations incorporating all subjects. To support our students social/emotional needs, not only are we a PBIS school, but we have also implemented the Responsive Classroom Advisory structure. This framework promotes the trust and emotional safety necessary for students to take risks to grow academically. Additionally, we offer a number of clubs and extracurricular activities that support our students' interests and investment in their school. We will maintain these wonderful traditions we know are at the core in fundamentally developing our students into high quality citizens who are the future leaders of our community.
